

Tournament of Champions points

The **Tournament of champions year to date points** are now kept in Golf Genius.

To check on how many points you have, go to the MPMGA website.

Then click on **events** and select **Tee sheets, Leaderboard results & YTD Winnings**. Then scroll to the bottom and under **Player League standings** there is a column labeled **Total Points**. These are the YTD TOC points.

If you click on the heading for the points column twice GG will sort the list by points (high to low). If you want to see where you got your points click on your name and you will see which events you received points.
